

COUNTDOWN/UP KITCHEN & OVEN TIMER

Operating Instructions

INSTRUMENT OPERATION - Open the battery cover and install the battery, the timer will display '00 00' and is then ready to use.

Select the amount of time by pressing the MIN or SEC buttons. The time can be set up to 99 minutes and 59 seconds

To start the timer press the START/STOP button. When the countdown time has elapsed, the alarm will sound for 30 seconds and the display will flicker, after this period the preset time will be shown.

To stop the timer, press the START/STOP button again and the preset value will be displayed. To clear the time set, press and hold MIN SEC and the preset time will be cleared.

This timer will also count up, but the time must be cleared so the display shows '00 00'. Press the START/STOP button and the timer will count up.

EMC/RFI - Instrument performance may be affected if operated within a high frequency radio field, such as near a mobile phone, or if subjected to an electrostatic shock.

GUARANTEE - This instrument carries a one-year guarantee against defects in either components or workmanship. During this period, products that prove to be defective will, at the discretion of ETI, be either repaired or replaced without charge. The product guarantee does not cover damage caused by fair wear and tear, abnormal storage conditions, incorrect use, accidental misuse, abuse, neglect, misapplication or modification. Full details of liability are available within ETI's Terms & Conditions of Sale at etiltd.com. In line with our policy of continuous development, we reserve the right to amend our product specification without prior notice.
